RE: Organizational Announcement
Inside Sales Associate – Lanair
Sales Manager – Clean Burn

We are pleased to announce two additions to Rock Energy Systems!

Warren Green is our new Inside Sales Associate for Lanair. Warren started with us on May 7th and has picked up momentum quickly by working alongside Mark Testerman and Scotty Denu. Warren reports directly to Bob Schaefer – Sales and Marketing Manager.

Warren's prior work highlights include sales achievements and leading teams at MCI, and Sirius Radio.

Warren, his wife Michelle, and his 3 children reside in Roscoe. His three children, including twin 14 year olds, keep him active with their school activities. Warren enjoys free time by being outdoors as well as hanging out with friends. Warren is a diehard LA Lakers fan as well as the Oakland Raiders. Stop by and introduce yourself if you have not met him yet!

Mark Friel joins Rock Energy Systems Sales and Marketing team as Sales Manager for Clean Burn. Mark started Monday, May 29th. Mark reports directly Bob Schaefer – Sales and Marketing Manager.

Mark will be working with Bob Schaefer and Debra Cook to forward the Sales and Marketing efforts of the Clean Burn line. He'll also spend some time gaining some of Morris Mantey's expertise with the Clean Burn Distributors group. Mark is eager to hit the ground running with the CB line as well as the Sunfires and BAFs. Mark's experience in HVAC and manufacturing brings in over 20 years of knowledge & sales skillset to RES.

Mark and his feline friends, Payton (*for Walter Payton*) & Samuel reside in Rockford. When he's not out finding sales for furnaces, you'll most likely find him touring the local golf courses. A tournament contender, he is well-versed in the sport and keeps the up and coming golfers on their toes! You can find Mark knee deep in learning the inter-workings of the plant this week.

Please welcome Warren & Mark into the RES family!
